

# 27<sup>TH</sup> PHILADELPHIA FILM FESTIVAL

11 Days. 100+ Films. **Made for Philly.**  
OCTOBER 18 - 28

## 27th Philadelphia Film Festival Field Trips | Film Selections

The Philadelphia Film Society invites you and your students to join us for a **FREE field trip** to view some of the best on contemporary American, International, and Documentary Cinema.

The **Festival Field Trip program**, an initiative made possible in part by support from PECO, the Christian R. and Mary F. Lindback Foundation, and the Albert M. Greenfield Foundation, offers students in the greater Philadelphia area the unique opportunity to see world-class, independent cinema at absolutely no cost!

Free field trips take place during the school week of the annual Philadelphia Film Festival, **October 22 to October 26**. Classes will get to experience the student screenings at the historic Prince Theater in Center City Philadelphia.

In addition to the film screening, there will be opportunities to respond to interactive take-away **screening response sheets, writing prompts**, and when schedules permit, **visiting filmmakers** will be on hand for post screening Q&A discussions.

PFS is thrilled at the opportunity to create a shared cultural experience and engage the young people in our community. We hope to see your students this Fall!

**MONDAY, OCTOBER 22**

**INVENTING TOMORROW**
